ORGANIZED BY

Federation of Chambers of
Commerce and Industry of Sri Lanka

IN COLLABORATION WITH

SAARC TRADE FAIR

In South Asia, Small and Medium-sized Enterprises (SMEs) play a crucial role in economic development, constituting over 80% of enterprises and contributing significantly to poverty alleviation. In Sri Lanka alone, SMEs and Micro-sized enterprises account for over 95% of businesses, generating around 50% of the GDP and employment opportunities, particularly for youth and women. Despite their importance, SMEs face challenges, especially in international trade.

To address this, FCCISL in collaboration with SCCI organizing the "SAARC trade fair", a trade exhibition aimed at promoting socioeconomic cooperation among South Asian countries and enhancing trade within the region and beyond. This platform will facilitate exports and imports among SAARC member states, promoting cross-border trade and providing opportunities for businesses to showcase products, explore new markets, and engage in discussions for mutual growth.
